Saturn in the 10th House

Decisions that you make during this time are also likely to significantly affect the next phase of your life. You may decide to move neighbourhoods or build a new home in your own neighbourhood. Whoever you meet and whatever you decide is likely to affect you for at least fourteen years. You may also feel compelled to say "goodbye" to friends or leave employment. In other words you are faced with choices about eliminating obstacles on your life's path in order that you may better fulfil your purpose in the future. You may find this frightening, but situations arise now that force you to face your fears. This transit is part of the assimilation and elimination process required to help us further our purpose in this world. You may also be excited by this process. It is similar to the process that migrants experience when they leave one country. There is the sadness of leaving all that is familiar - loved ones, home, security etc. However, there is also the excitement about a future that could hold rich rewards and exciting new experiences. If you believe in the process of reincarnation and karma, then you will know that this is a very karmic period. It offers you the chance to put to right past wrongs and to move forward with your life purpose.

Uranus in the 12th House

From 05 Jun 26

Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. This is a profound period in your life, although at times you may feel the need to retreat. On the positive side you experience intuitive flashes, initiate or join an unusual institution and expand your philanthropic interests. You may also have to face ghosts from the past, events that have haunted you and prevented you from moving forward. It is time to heal the past and recharge your batteries for a brighter future. If you refuse this challenge then deep within yourself you will experience the pain of having failed your inner self.

Uranus Square Uranus

From 05 Jun 26 To 17 Jun 26 01:57

This transit occurs around the age of 20-21 and again in your early to mid-60s. Hence its connection with young adulthood and the age of retirement. It usually brings a desire for freedom, an urge to break away from authority.

If you are in the younger age group, this transit can see a more rebellious energy as you seek greener pastures. Your need for self expression may take over your common sense and you need to beware of taking risks without appropriate discrimination. The more your individual freedom has been oppressed by authority figures, the greater your desire to break free. However, you would do well to strike the right balance between developing your own individual rights and considering the rights of others.

If you are in the older age group this can time can manifest itself more as a need to break free of your responsibilities and to brighten up life. If you have fallen into a rut in the past, you will now feel the urge to break out. Perhaps you feel that you have given a considerable amount of time and energy to your family, work and society. Now it is your turn. For this reason you will consider many new and exciting ventures such as starting again in a different city or country, moving home, or retiring from your life's work. While this is the ideal time to make a move, it is also important that you consider your options carefully.

While this time can be beneficial because of the type of tension sometimes needed in a creative project, it is normally not a good time to be entering major business deals or making life-changing decisions. You would do better to rest, relax and avoid meeting difficult situations head-on.

The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune travels through your 6th House you need to take care of your health, taking particular care with drugs of any description. The trouble is that your body is overly-sensitive during this time. You may even develop or discover allergies. You may also feel somewhat lethargic, overwhelmed by the demands of a busy life. A good balance of rest, exercise and a healthy diet goes a long way towards helping you cope with the stress of a busy schedule. You may also benefit from seeking advice from alternative healers, or perhaps even exploring options for working as a healer or in a spiritual field.

Pluto in the 5th House

From 05 Jun 26

Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Caf? Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Currently you have a powerful need to express yourself creatively, and your energy would be best directed through a demanding and absorbing creative project. Children, either your own or other people's, may present a challenge. It is possible that you are seriously considering whether or not to have your own children.
