Uranus in the 12th House

From 06 Apr 26

Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. This is a profound period in your life, although at times you may feel the need to retreat. On the positive side you experience intuitive flashes, initiate or join an unusual institution and expand your philanthropic interests. It is also possible that you probe the human psyche in an unusual fashion.

Neptune in the 6th House

From 06 Apr 26

The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune travels through your 6th House you need to take care of your health, taking particular care with drugs of any description. The trouble is that your body is overly-sensitive during this time. You may even develop or discover allergies. You may also feel somewhat lethargic, overwhelmed by the demands of a busy life. A good balance of rest, exercise and a healthy diet goes a long way towards helping you cope with the stress of a busy schedule. You may also benefit from seeking advice from alternative healers, or perhaps even exploring options for working as a healer or in a spiritual field.

Neptune Square Uranus

From 11 Apr 26 02:18

During this time you could fall prey to deception, either your own self-delusion or someone else's veiled actions. This time can be tense as you are unsure about exactly what is going on. While this time can be beneficial for the type of tension sometimes needed in a creative project, it is normally not a good time to be entering major business deals or making life-changing decisions. You would do better to rest, relax and avoid meeting difficult situations head-on.

Pluto in the 5th House

From 06 Apr 26

Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Caf? Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Currently you have a powerful need to express yourself creatively, and your energy would be best directed through a demanding and absorbing creative project. Children, either your own or other people's, may present a challenge. It is possible that you are seriously considering whether or not to have your own children.

Pluto Trine The North Node

From 06 Apr 26

The transit of the Moon is usually brief, ebbing and flowing like the tides of the ocean. If the Moon is active on any one day then you are likely to be more emotional. These days can be trigger points. If there are few Lunar influences then your day may be more uneventful. The effect of this combination depends on how many other transits of the

Moon are occurring today. This is a day when truthful feelings come to the surface. The force of these feelings depends on other astrological influences. It is up to you whether or not the truth is embraced with compassion or not. It is possible that others may clash with you. Possibly you are the one initiating conflict because you want clarity in a certain situation. The result is likely to be that you accept the truth of your own emotions, express your sadness, anger, happiness or joy and the move forward in your life truthfully.
